

Our partners

Our members include over 200 of the capital's leading employers across a wide range of sectors, with a common commitment to our capital. We offer two levels of membership – partner and corporate.

Partnership is our upper level of membership. Partners work closely with us to steer our policy development, gain visibility as campaign champions and benefit from exclusive access to Partner-level events and hosting opportunities.

Members by sector

Corporate members form a diverse business network. They benefit from informal opportunities to meet key players across the private and public sectors, benefit from intelligence on strategic decisions affecting their business and receive tailored support from our policy leads.
